PRESIDENT'S MESSAGE

Dear Friends and Collegues,

Don't you hate it when you get the strangest christmas gift from someone that you think is supposed to know you really well? I am the queen of re-gifting, and if you are a close friend of mine you probably got one of the gifts. I probably used the same gift bag to give it to you. This year so far, I have gotten things I actually like and I am keeping them. I think it has helped to finally tell people exactly what I want, and not say "just get me whatever."

So, I am going to move my life in that direction and just say exactly what I want from people. I used to think that was selfish, but in reality, people want directness from others. Im going to tell my patients I want them to floss, not just ask them to. Now, I know this epiphany is not going to change the world, but maybe my persistent change in wording, and saying exactly what I want will make a difference. Hopefully with all resoulutions, I won't quit in two weeks.

Check out our courses for spring, I think we have some good ones! Send in your coupons early, reserve your spot and get those CE's out of the way early. You will be glad you did. See, I told you exactly what I want.

Best regards,

*Mandy K. Sweeten
President,*
